

2. GUIDANCE

How you use your pension savings to provide an income in retirement is an important decision. There are many options available to you, not all of these may be suitable for your individual needs and circumstances. There are several factors that you need to consider before making a choice about which retirement option, or combination of options, is right for you. All options carry a degree of risk that you should be aware of before you make a decision and some choices may be irreversible.

If you have opted-out and have not received any guidance in relation to your retirement benefits, we strongly recommend you book a free appointment with Pension Wise (see above for details) or else seek advice from a financial adviser. Our team would be happy to assist in organising an appointment for you. Please get in touch to request this, and we can book a guidance appointment for you at a time and date that suits. Alternatively, should you prefer, you can book an appointment directly by going to <https://www.moneyhelper.org.uk/en/pensions-and-retirement/pension-wise> or calling 0800 138 3944. Please note, whether we book your appointment or not, we will still need to confirm and record whether you have used Pension Wise and/or taken financial advice. You can find details of independent financial advisers in your area at www.unbiased.co.uk.
